

April 23, 2001

The Honorable John Ieyoub
Attorney General
Department of Justice
Post Office Box 94005
Baton Rouge, Louisiana 70804-9005

Dear Sir:

Act 922 of 1995 created the Louisiana Geographic Information Systems Council (GIS Council) to foster cooperation and coordination among the various state entities developing and maintaining geographic information systems. The Department of Justice, by law, is a member of the GIS Council. Mr. Fred Whitrock, your appointee to the Council, resigned from the Council when he changed jobs. I am requesting that you appoint someone to replace Mr. Whitrock as your official representative on the Council. Mr. Willie Fontenot, of your office, has expressed interest in serving on the Council.

We meet monthly, usually on the third Wednesday, at 1:30 p.m. Please visit our web site for more information on the GIS Council (www.doa.state.la.us/lgisc) and upcoming meetings.

We would like to have a full complement of members on the Council again. Please consider appointing someone to represent your agency on the GIS Council.

If you have any questions, I can be reached at 225.274.4350.

Sincerely,

Sharon J. Balfour
Chair, LA GIS Council

Cc: Mr. Willie Fontenot
