

Louisiana Geographic Information Systems Council

RESOLUTION

Info Louisiana Geospatial Portal

September 20, 2000

The Office of the Data Base Commission (ODBC) maintains INFO Louisiana the state's Internet portal. The ODBC is expanding the INFO Louisiana Internet site to house a geospatial portal for the state of Louisiana. This portal shall act as a gateway to feature significant state geographic information Internet sites.

Be it resolved on this 20th day of September 2000, that the Louisiana Geographic Information Council fully supports the development and maintenance of the Louisiana Geospatial Portal. The Council further resolves to assist the ODBC in determining the state's sites to be accessible through the portal and in establishing and maintaining the portal site utilizing the resources available to the Council.
